Activity 2.6: Revising and improving university bylaws regulating academic promotion procedures

1st Steering Committee Meeting

Senada Kalabušić, Zenan Šabanac
Belgrade, December 1, 2016. godine

Objective 2.6.

Bylaws regulating promotion procedures, which rank among factors of most importance as far as the working of universities is concerned, are improved at WBP universities so as to enable increase efficiency and effectiveness of the promotion procedures. Among the specific measures taken in this respect is designing a common template for evaluation reports. In addition to the usual data requirements (such as published papers, teaching experience, etc.), the common template is to include as mandatory some other currently not evaluated aspects (highlighted strengths and weaknesses of the candidates, co-authorship issues, mobility experiences, professional skills, creativity and independence, public impact and engagement). Also, the average time of diploma recognition process is reduced.

Due date: 14.07.2017
