Short description:	<p>The Albanian Erasmus + Office in accordance with the activity schedule planned by the Executive Agency EACEA in Brussels carried out a field monitoring visit at the University of Vlora "Ismael Qemali" (29.06.2017; 12:00-14:00) in order to be informed about the progress of the project "Enhancement of HE Research Potential Contributing to Further Growth of the WB Region-Re@WBC" and discuss the activities completed and those that have not been completed and other project-related issues. After the welcome address and a brief introduction of the participants, Assoc. prof. Armela Panajoti presented the project, its goals and the activities so far performed by UV within this framework. The representatives of NEO asked questions about the activities carried out so far, about any delays (if any) in the realization of these activities, about financial issues, dissemination and exploitation of results and management/communication issues. The representatives of UV pointed out the good level of communication with the project coordinator and the other partners as well, especially the EU partners who are very helpful when needed. A concern of the UV representatives was finding the</p>
