À propos du Cedom

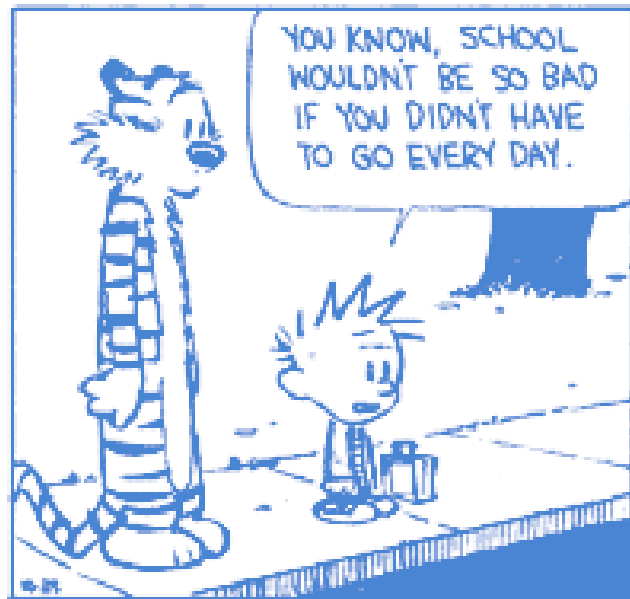

Créé en 1995, le CEDEM est un centre interfacultaire attaché à l'Institut des Sciences Humaines et Sociales de l'Université de Liège. Le centre a pour but d'effectuer toute recherche théorique ou empirique dans les domaines des migrations humaines, des relations ethniques et du racisme. Ces recherches sont menées dans une perspective pluridisciplinaire.

Quatre axes de recherche prioritaires caractérisent le CEDEM :

Dilemma 1: Time vs Money

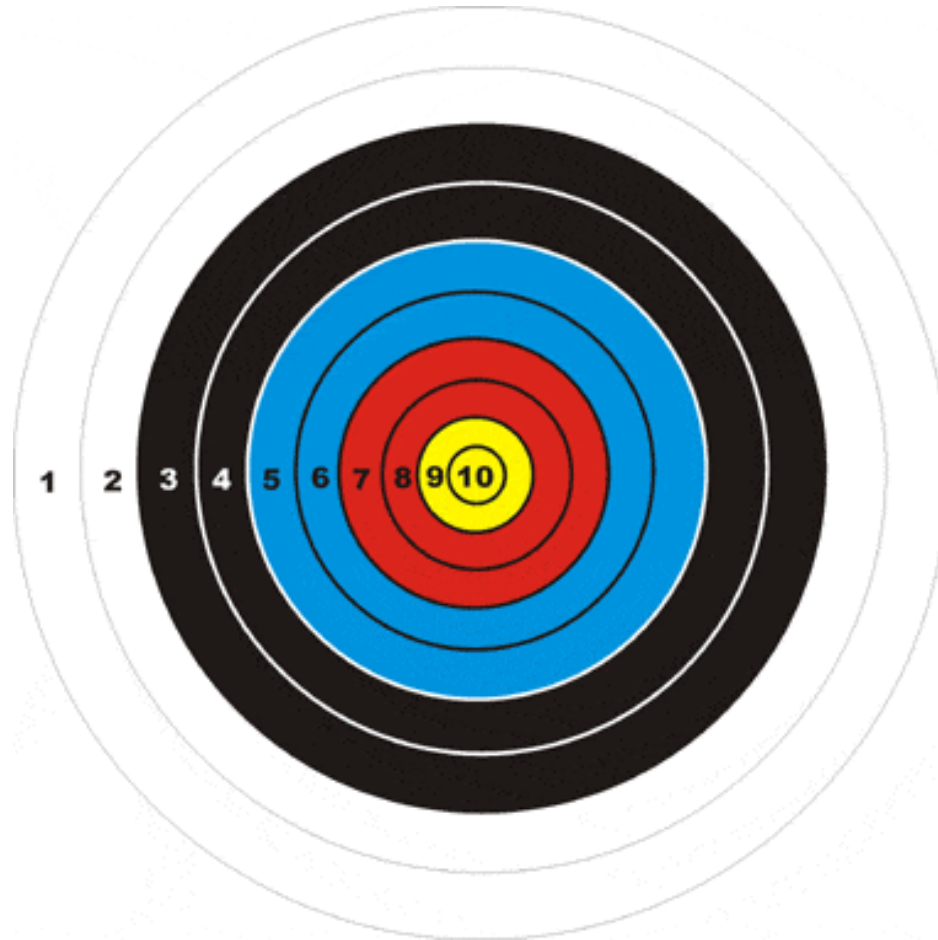

Dilemma 2: Support vs Autonomy

...AND IF YOU COULD LEARN ANYTHING YOU WANTED AND IF YOU COULD TELL ALL THE TEACHERS WHAT TO TEACH AND IF YOU COULD GO OR NOT GO WHENEVER YOU LIKED. WELL THEN SCHOOL WOULD BE GREAT.

Dilemma 3: Target vs career development

Lesson 1: No 2 PhD students are alike

Lesson 2: You can learn to be a supervisor
