Enhancement of HE Research Potential Contributing to Further Growth of the WB Region Re@WBC

Author:	Jelena Mičić
Event Title:	Training-seminar within activity 3.7: “Raising awareness about the significance of multidisciplinary approach to research”
Event Date:	19 th and 20 th April 2018
Event Venue:	- Production and Management Faculty Trebinje, Stepe Stepanovića bb, Trebinje; - Faculty of Medicine, Studentska 5, Foča
Type of event: (National, international, press conference, promotional event etc.)	National event
Short description:	
<p>Motivated by a general lack of multidisciplinary in research in the Western Balkan universities, this workshop is organized to demonstrate the benefit of multidisciplinary approaches, with specific case studies of a poor and profitable research. Project team of the University of East Sarajevo has organized 2 training seminars within activity 3.7: Raising awareness about the significance of multidisciplinary approach to research.</p> <p>Schedule of seminars at our faculties and the number of participants was the following:</p> <ul style="list-style-type: none"> - Faculty of Medicine, Foča, 19.04.2018, 21 participants - Production and Management Faculty Trebinje, 20.04.2018, 34 participants. <p>Lectures were held with the aim of introducing as many teachers and associates as possible with methods and trends in teaching at higher education institutions.</p> <p>The participants were addressed by Vice-Rector for Science, Research and Development professor Siniša Berjan. This training primarily was intended for young researchers (docents, senior assistants, assistants, II and III cycle students) but also for all other interested professors, researchers and students. This training was attended by 55 students, researchers and professors from the University of East Sarajevo.</p>	

Lectures held a respected professor Branka Kovačević from the Faculty of Philosophy of University of East Sarajevo, professor Siniša Berjan Vice-Rector for Science, Research and Development and professor Vera Cevriz-Nišić, Vice-rector for Teaching.

Our students, researchers, assistants and professors have shown great interest to this actual topic, and had active role in discussions.

- One of the comments was: “It was really useful. I will think more about information that I’ve heard about. And, also, I’m sure that I’ll talk about this topic with my colleagues.”
- Another conclusion was: “I have find out lot of new information about teaching process, and I will try to imply that.”
- Some students have noticed that should be more interaction between participants and organizers.
- Also, we had a comment that should be more interaction between participants and teacher.
