**Enhancement of HE Research Potential Contributing to Further Growth of the WB
Region
Re@WBC**

Name and number of the activity:	Activity 5.3: Project results disseminated
Event Title:	Belgraid book Fair
Event Date:	21-28, October, 2018
Event Venue:	Belgrade Fair
Type of event: (National, international, press conference, promotional event, media appearance, article in the newspapers or magazine etc.)	International event
Short description: Promotion of the Re@WBC project during the Novi Sad Fair entitled "Science for Industry Fair"	
<p>During the 63. International Book Fair held in Belgrade 20-28, October, 2018, two book promotions of the GUIDEBOOK FOR YOUNG RESEARCHERS were organized, a book addressing primarily young researchers that has been published within the RE@WBC project. These two events happened in Hall 4, on 26.10.'18., in the hall for promotions „Branko Miljkovic“, where a one-day programme was organized featuring appearances of various authors, literary artists, publishers and members of the academia from Nis, and also in Hall 2 at the University of Belgrade stand. The book attracted great attention as this is the first time that such a publication is available in which young researchers are offered answers to all important questions and problems that they might be struggling with at this period of their careers regarding publishing, professional ethics, methodology of scientific research, databases etc. At this occasion a number of book copies was distributed to interested researchers.</p>	
Organiser(s):	University of Nis, University of Belgrade
Link to the media appearance (if any)	www.rewbc.ni.ac.rs
Contact person:	Prof. dr Dragana Cvetkovic Ilic
