Enhancement of HE Research Potential Contributing to Further Growth of the WB Region Re@WBC

Author:	Dr. Elvana Shtepani
Event Title:	Training-seminar within activity 3.7: Measures for enhancement of multidisciplinary in research
Event Date:	14 June 2018
Event Venue:	University of Tirana/ Europa Room
Type of event: (National, international, press conference, promotional event etc.)	National event
Short description:	<p>University of Tirana organized training for young researchers within activity 3.7: Measures for enhancement of multidisciplinary in research. This training aimed at informing young researchers on the benefits of multidisciplinary in research.</p> <p>One of the presentations was specifically prepared to inform researchers on different kinds of research. At the very beginning there was an overview of what research entails, how is that divided and what multidisciplinary involves; how a project needs to be defined; explanation of the research team formed by experts of different disciplines; need for multidisciplinary research and advantages and disadvantages. This presentation was organized in a way to involve the participants and get feedback from their own experience.</p> <p>Apart from this main presentation, there was another presentation made with regard to 'Elements of culture in spoken and written language' with the main focus on Culture and Language for specific purposes.</p> <p>Participants were given the opportunity to get involved by discussing about problems they face and suggested ideas for improving and considered innovation as really important in their future undertaking.</p>

	<ul style="list-style-type: none">+ The presentations provided useful information.+ The presenters helped us engage in discussions together+ Topics chosen for the presentation were quite interesting and to our benefit.+ This training helped me learn how to undertake a new type of research+ This training offered an opportunity to exchange ideas
Suggestions for the improvement:	<ul style="list-style-type: none">+ Completely satisfied with the organization+ There could have been some working groups and discussion and analysis of case studies+ I would have preferred more interaction between the speakers and the audience.
Any further comments	<ul style="list-style-type: none">+ I would prefer to receive more training like this because they offer us the opportunity to learn more but also share experience+ As a young researcher I would prefer to have more meetings like this

Lessons learned

- *Case studies and group work are always elements that add to the training.*
- *New ideas and skills are developed through these trainings*
- *A wide range of topics will help researchers enhance their knowledge*
