Event Date:	09.12.2016
Event Venue:	Rector office. Musical academy, University of East Sarajevo
Type of event: (National, international, press conference, promotional event etc.)	Dissemination seminar to your researchers and PhD candidates about importance of the Charter and Code and Excellence in Research
Short description: Seminar for young researchers and PhD students about the role and significance of Charter&Code and HR Excellence in Research	

On 09.12.2016 on the University of the East Sarajevo, project management team organized dissemination seminar with the main aim to deliver to participants information about Charter and Code and Excellence in Research practice, information about major grants in research and possible approaches in research, different methodologies used in obligatory used by researchers and about importance of the opening of the University towards work-field and community. Around 50 participants took part on the seminar and vast majority were doctoral candidates and researchers. Meeting started with the presentation about importance of Charter and code and HR excellence label to one University. Prof Bokonjic described in details code of good practice, about 40 principles importance for development of the researcher career and why is this important to one University. We spoke about Euraxess network and advantages and problems for researchers in Europe and in Bosnia and Herzegovina. Prof Bokonjic described also Re@WBC project and emphasize importance of this project for development of UES.

After prof Bokonjic, Mr Markovic gave presentation in details about our application for Charter and code which was submitted recently by our University to EU Commission. He clearly described all performed steps and what we have to fulfill if get positive answer by EU Commission.

Next speaker was prof Berjan who spoke to young researchers what methodologies and procedures are important for young researchers. He also spoke about publications, why to prepare good oral and poster presentation and what are necessary precondition to publish article in the international journal.

After him Prof Lalic spoke about transformation of the faculties and universities toward enterprises and role of entrepreneurship on the University. He presented examples of good practice in this area.

Finally, representative of the office for projects and science presented current connections between work field and our University. He described Centers for research existing on our University, their role and future plans.

After the last presentation we organized big discussion and all presenters actively participated in this last session.

We got many useful proposals and one of the additional output of this seminar will be organization of similar events on other organizational units on our University. Next meeting will be in the end of the month in Brcko on the Economical faculty.

The whole event was organized successfully, participants evaluated event as good one and major recommendation was that we continue with similar events in the future.
