WP Work package

• Purpose, objectives and elements of the meeting

The third meeting of the partners within the Re@WBC Erasmus Plus project was organized at the Politecnico di Torino, from 21st to 25th March. The WB partners are to gain insight into the current HR management strategies at EU universities. This is accomplished through the meeting organized by the Politecnico di Torino, at which EU experts present their experiences with the process of enhancement of the HE research potential and give useful advice.

The objectives of the meetings meeting were:

- empowerment for employability and the stage and job unit,
- the importance of HR Strategy for researches for inclusion of WBC research institutions in ERA,
- how to attract international researches,
- reporting system,
- presentation of good practices from Turin.

After the kick-off meeting in December and the meeting in Brussels beginning of this year, the meeting in Turin was the third official gathering related to the project Enhancement of HE Research Potential Contributing to Further Growth of the WB Region, which is being co-financed by the Europeane Union program Erasmus plus.

Politecnico di Torino is ranked among the first 25 European technical Universities Engineering, Technology, Computer Science.

The meeting in Turin was organized as five day event.
